Company Overview

Welcome to Siyatone Global Pvt Ltd

Founded in 1998, Siyatone has emerged as a pioneering force in the flooring industry. Its headquarters, advanced manufacturing facilities, and research labs are strategically located in Morbi, India.

Specializing in porcelain and ceramic tiles, Siyatone combines innovative designs with unmatched durability. Supported by **1,250 employees and 8 state-of-the-art minerals, ink, and tile production facilities**, Siyatone achieved a remarkable turnover of **\$146 million in 2023**.

As a trusted leader, Siyatone blends expertise, sustainability, and excellence to meet global demands and shape the future of the flooring industry.

Our

Mission

Our mission is to establish global leadership in the flooring materials industry by delivering innovative solutions that consistently surpass customer expectations. We prioritize quality, sustainability, and customer satisfaction through a dedicated focus on innovation and teamwork.

Our

Vision

Delivering uncompromised quality through globally recognized certifications.

Our Values

Quality: We are unwavering in our commitment to manufacturing high-quality flooring materials.

Sustainability: We are dedicated to promoting eco-friendly practices and minimizing our environmental impact.

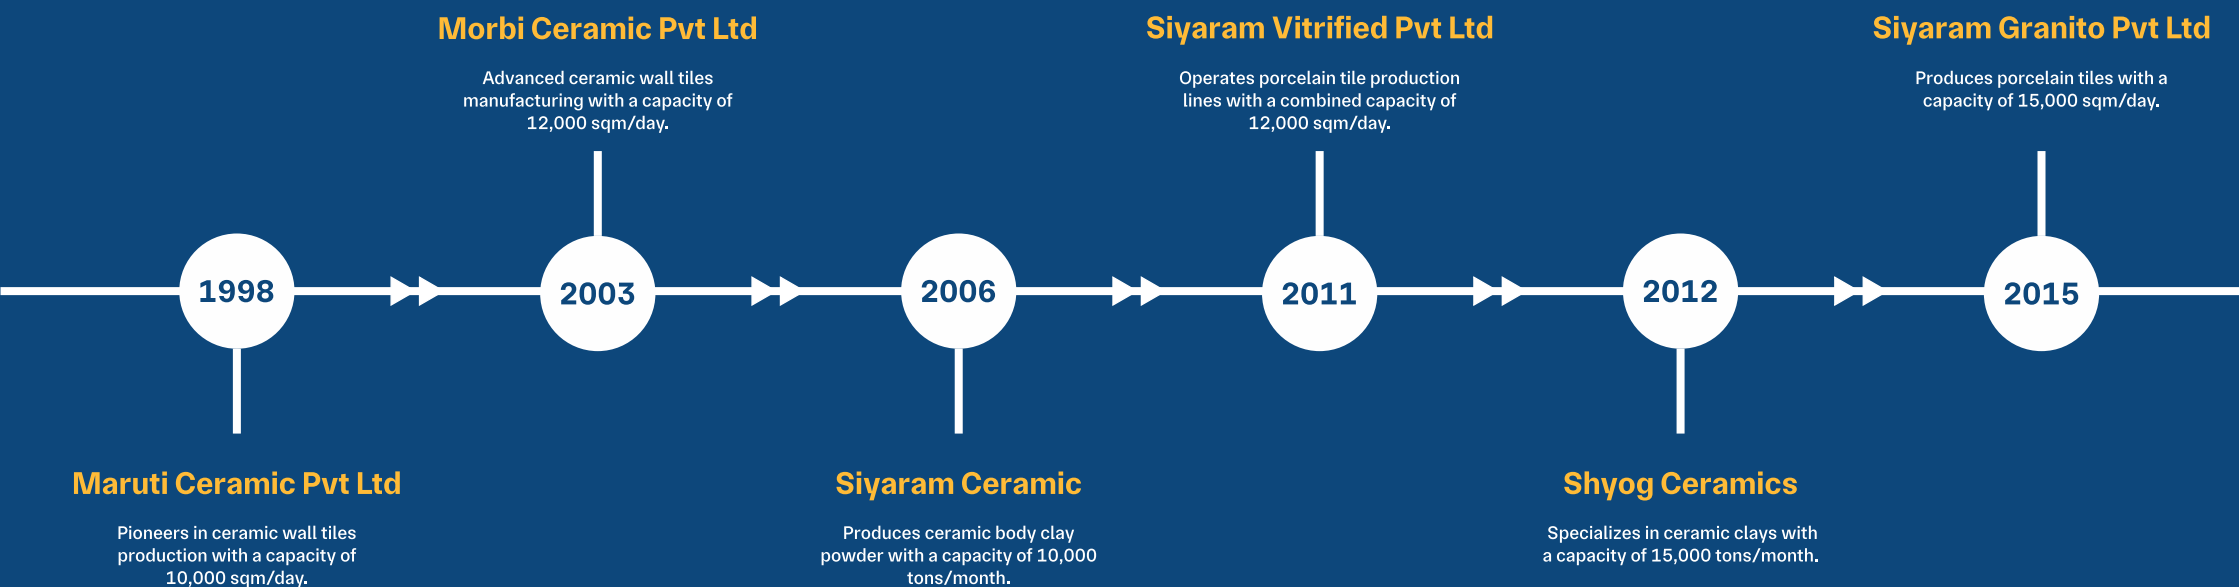

Customer Satisfaction: Our aim is to consistently exceed our customers' expectations through exceptional service.

Innovation: We embrace new technologies and inventive solutions to maintain our competitive edge.

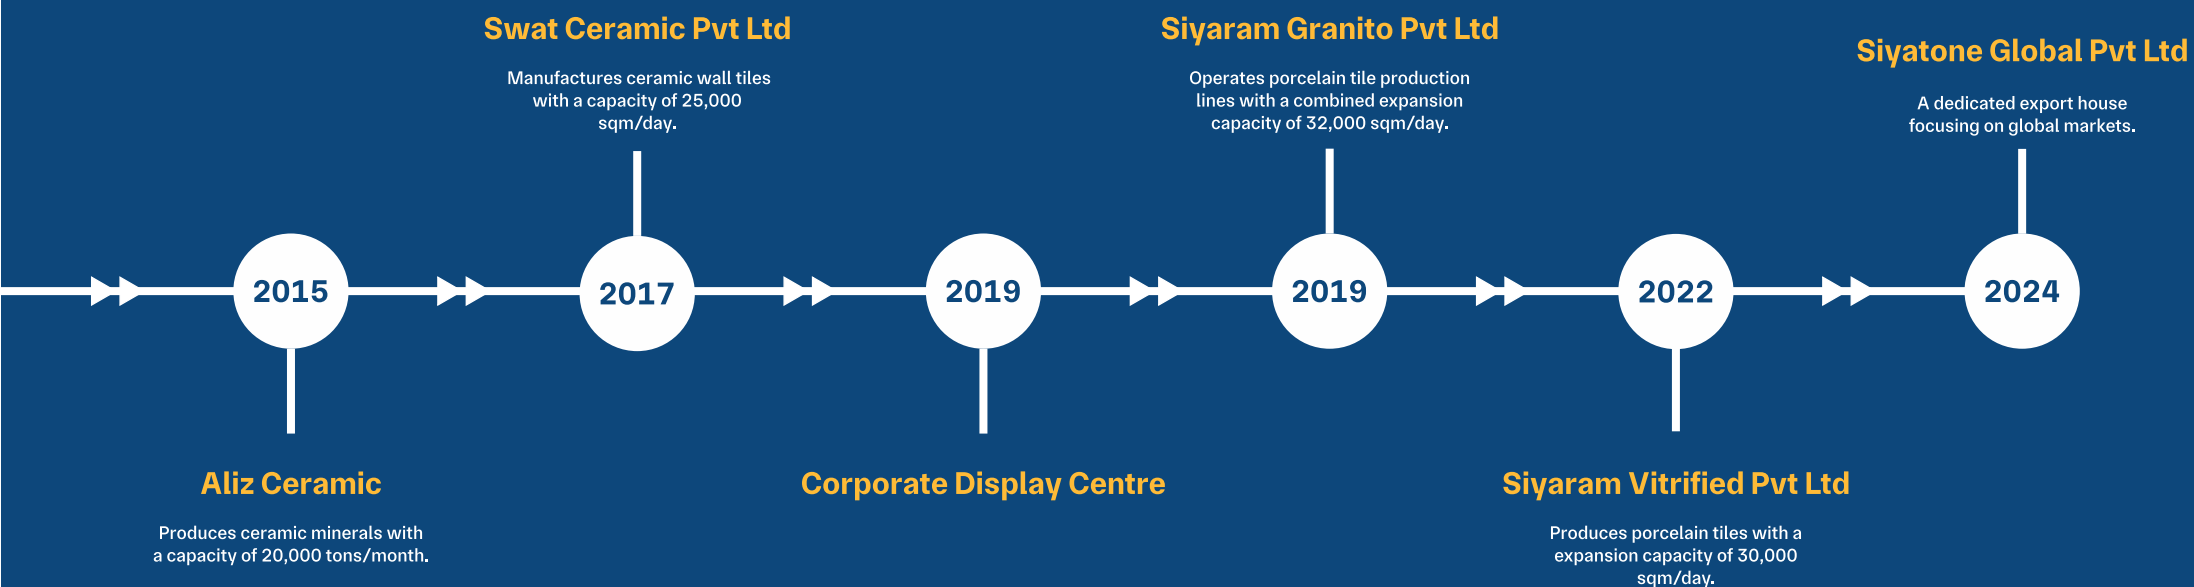

Teamwork: We highly value collaboration and open communication, recognizing that our collective efforts drive us towards achieving our shared goals as a team.

THE SIYATONE JOURNEY

Manufacturing Excellence & Capabilities Production

Message from Management

At SIYATONE GLOBAL PVT LTD, we are proud to lead the way in flooring solutions by "Bringing Nature to Your Spaces" through innovation, sustainability, and excellence.

Our strategic goals focus on

- **Global Leadership:** Expanding our presence across key markets.
- **Nature-Inspired Innovation:** Designing products that harmonize beauty, durability, and functionality.
- **Sustainable Growth:** Driving eco-friendly practices and reliability.
- **Customer Satisfaction:** Delivering unmatched quality and value.

Together, we are shaping the future of the global flooring industry with passion, precision, and a shared vision. Thank you for being a part of this journey.

Siyatone's Commitment to Quality and Certifications

At Siyatone, we proudly adhere to globally recognized certifications, ensuring our tiles meet the highest standards of quality, sustainability, and safety.

Global Standards

- **ASTM Standards:** Frost resistance, water absorption, and durability.
- **ISO Standards:** Dimensions, chemical resistance, and thermal shock.
- **ANSI Standards:** Surface quality and scratch resistance (ANSI A137.1).
- **EN Standards:** Compliance with EU benchmarks for water absorption and strength (EN 14411).

Regional, ISO, and BIS Certifications

- **CE Marking:** Safety and environmental compliance for the EU.
- **SASO Testing:** Thermal and chemical resistance for Saudi markets.
- **ISO 9001: 2015** (Quality Management System): Commitment to consistent product quality and customer satisfaction.
- **ISO 14001: 2015** (Environmental Management System): Dedicated to minimizing environmental impact.
- **ISO 45001: 2018** (Occupational Health and Safety Management System): Ensures a safe, healthy workplace by reducing risks.
- **BIS Certification (ISI Mark):** Compliance with Indian standards for safety, reliability, and quality.

Sustainability Focus

- **GreenGuard Certification:** Low VOC emissions for healthier indoor environments.

Industry-Specific Excellence

- **PTCA Certification:** Porcelain tiles with <0.5% water absorption.
- **TCNA Testing:** Slip resistance, stain resistance, and durability for North America.

Our Product

Crafting Excellence, Redefining Spaces

Product Development & R&D at Siyatone

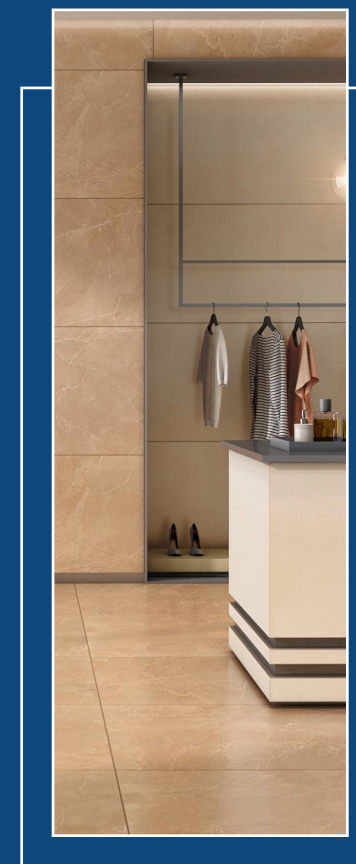

At Siyatone, innovation drives our product development, which is supported by state-of-the-art R&D infrastructure. We focus on creating cutting-edge Porcelain and ceramic surfaces tailored to meet the stylistic demands of global markets.

Our Approach:

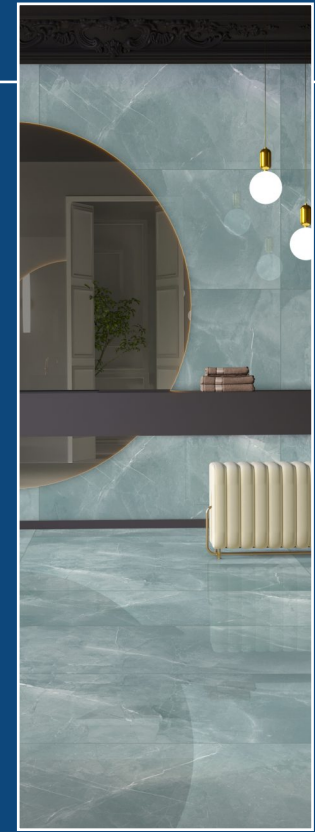

- **Research-Driven Customization:** Unique and innovative collections exclusively designed for individual clients.
- **Synergistic Process:** Seamless collaboration between design, laboratory, and production teams for meticulous and efficient development.
- **Continuous Innovation:** Leveraging advanced technologies to stay ahead of industry trends.

Exclusive Surface Finishes:

- **Double Digital Printing:** Multi-layered, vibrant designs with unmatched realism.
- **ShapeCID Technology:** 3D textured surfaces adding depth and uniqueness.
- **Soft3D Technology:** Smooth surfaces with bas-relief effects for natural aesthetics.
- **GHR & GLR Surfaces:** High-gloss finishes for elegance and brightness.
- **SilkRock & Lapato Finishes:** Luxurious matte or semi-polished textures with slip resistance.
- **Sugar, Honed, and Textured Finishes:** Unique textures for refined and versatile applications.
